How To Give

Create a personal legacy in Guilford by establishing a named fund, for yourself, your family, or a loved one. The minimum amount required to establish a fund is $10,000. To help reach your philanthropic goals, we offer an “Acorn Fund” option, which allows interested donors 5 years to reach the $10,000 minimum.

If you are not ready to create a charitable fund but want to contribute to our efforts to enrich the quality of life in Guilford, provide a direct donation of any amount at any time to one of our existing charitable funds.

Finally, consider a gift to our operating fund, which allows us to maintain our visibility in the community, provide leadership around community issues; raise new dollars to invest back into the organizations that serve Guilford; and provide excellent stewardship for our existing funds.

Gifts can be accepts from cash, stock or other assets; bequests; or planning a future gift through your IRA or insurance policy.

Live here. Give here.
A Letter from Tom & Liza

The Guilford Foundation (TGF) celebrates 40 years of community service in 2015. Founded in 1975 by a group of friends intent on keeping our unique Town Green beautiful, TGF has grown to over $1.8 million in endowment funds as of January 31, 2015. Support for our work to enrich the quality of life in Guilford has grown stronger each year, and we continue to invest an increasing amount of funds to local organizations serving our community. In our 40th year, we have fully embraced our leadership role in the community, most recently through our efforts to address a lack of housing availability in town. TGF is positioned better than ever to meet Guilford’s constantly changing needs for the next 40 years.

Update on Housing

TGF identified Guilford’s lack of diverse housing stock as an issue of focus for the past year. There are few to no options in Guilford for college graduates who want to return home, divorcing spouses who need to stay in the school system, and downsizing seniors, much less affordable housing for those who qualify as low income (in Guilford, a household would qualify for low income housing if their income is equal to or below $76,000).

Our efforts around this issue included $15,500 in grant investment in Guilford last year to three organizations for: 1) emergency financial assistance for housing; 2) pre-development costs for building affordable housing units; and 3) outreach and support around the issue. While the grants amount is a modest number, we view our efforts as investments for the future. We will continue to look to support worthy efforts around this cause.

We continue to work with the Town of Guilford on their Incentive Housing Zone (IHZ) grant, which is being used to identify parcels, evaluate their suitability for sewage disposal, establish design criteria and draft IHZ regulations. This study will reveal specific information that will help in locating appropriate setting for new housing units.

Finally, we are thrilled to report that we’re also successful in reinstating the non-profit status of Guilford Interfaith Housing, a separate, independent non-profit organization that will serve as a catalyst for solutions to the housing crisis in Guilford. This revitalized organization has 10 new and invested Board members and has been meeting regularly since December 2014. Their current focus is to assist the Town on the IHZ grant, as well as guide our grant to the Partnership for Strong Communities to educate Guilford about housing needs and how we can address them.

Planning for the Future

In addition to taking a leadership role on housing and continuing TGF’s efforts to invest in Guilford beyond housing, TGF’s Board of Directors undertook a major strategic planning process in 2014. Reflecting on TGF’s growth of resources and impact in the community over the past few years, the Board has set an ambitious agenda in order to better meet our mission to enhance the quality of life in Guilford. The three major goals to come out of the process are: 1) Grow TGF’s permanent philanthropic endowment; 2) Position TGF as a community leader and investor; 3) Ensure TGF has sufficient management and governance infrastructure to support the organization’s growth.

The Board and staff are energized to strive for these goals, and recognize that we need more substantive back office to support this plan. In order to manage operating costs, we entered into a Memorandum of Agreement with the Branford Community Foundation to share back office support. This will allow us to hire an administrative assistant and invest in technology support—with the costs to be shared between the organizations.

Thank you for joining us on this adventure

This is an exciting and inspiring moment in our history. None of our efforts would be possible without the support of our generous donors: those who created permanent endowed funds, those who gave to our Operating Fund Drive, those who sent contributions to our Year End Appeal. Thank you for your commitment to our mission and for enabling us to “connect people who care with causes that matter to them” and improve the quality of life in Guilford: now, and for generations to come.

Happy 40th Anniversary to TGF!

As the Guilford Foundation celebrates its 40th anniversary, it is displaying youthful vigor in fundraising, grant-making and investment performance. Assets have grown more than 30% in 5 years to a record $1.8 million. Annual contributions are up more than 100% since 2011, while the Foundation disbursed $88,302 in grants in fiscal 2015—more than double the $40,000 we distributed in 2011. In the past year, our operating expenses have declined significantly as we put in place new efficiencies while maintaining our breadth of services.

Our Finance Committee works with the professionals at the Community Foundation for Greater New Haven to preserve and grow our endowment. TGF’s individual funds are pooled together and invested in a diversified portfolio. Individual legacy fund growth is recorded by percentage and used for grant making purposes.

**Mission**

The mission of the Guilford Foundation is to connect people who care to the causes that matter to them to enrich the quality of life in Guilford, now and for generations to come.

The Guilford Foundation was established in 1975 as a public foundation to enrich the quality of life in Guilford, forever. We fulfill our mission by building and maintaining a charitable endowment and using a portion of the annual income to address the needs of the Guilford community.
Community Dining Room

The Community Dining Room, located in Branford, is a private, not-for-profit organization providing valuable and necessary food, social support and companionship to the greater Branford/Shoreline community. While it surprises some, many people living along this affluent stretch of the Connecticut shoreline struggle financially and are hungry. TGF was pleased to provide a $5,000 grant in 2014 to the Community Dining Room (CDR).

CDR programs include hot lunch every day of the year. In addition, CDR provides breakfast on Saturday, family dinner with reading, cultural events and art programs for kids on Tuesday, and take-out dinner for working families on Wednesday. The CDR also hosts community holiday dinners on Thanksgiving, Christmas, Easter and other cultural holidays. In addition, they provide home delivery dinners with friendly visiting for older adults, chronically ill individuals and those recuperating from surgical procedures who are unable to prepare meals for themselves. Finally, CDR hosts community service Saturdays for students and vocational assessment and training for individuals with disabilities.

Partnership for Strong Communities

Partnership for Strong Communities (PSC) seeks to expand the array of housing choices in Connecticut, town by town. When a town can offer a variety of housing to its residents, it can retain Millennials and Boomers, who are looking for walkable, affordable municipalities. Towns that include affordable housing are able to house the teachers, police officers, and firefighters who educate our children and keep Guilford safe. An older town like Guilford (median age 47, compared to Connecticut’s median age of just under 40) can retain older residents looking to age in place and who may bring institutional wisdom along with greater leisure time to volunteer for town boards and activities. With affordable housing, Guilford can keep the young families looking to start homes of their own. At present, with Guilford’s median home value of $420,700 (compared to Connecticut’s $293,100), that option is limited.

TGF awarded a $7,500 grant and Guilford Interfaith Housing provided an additional $2,500 to PSC to increase awareness within the community around these housing issues. They will assist in creating a town conversation around the need for more housing that costs less, and help to educate the Guilford population on what new housing is needed, where it could be located, and the positive impact it could have on local merchants and community life in general.

Boardwalk at Chittenden Park

CFPA completed construction of a boardwalk and overlook platform at the NET’s southern gateway at Guilford’s Chittenden Park on Long Island Sound. This sustainably constructed and fully accessible trail to the Sound allows visitors and hikers to better experience the natural beauty of the shoreline at the trail’s southern-most point. The official dedication of the NET’s terminus took place on June 2, 2014, which coincided with both the Town of Guilford’s 375th celebration and National Trails Day.

“There is nothing more important than direct support from the community where a project takes place. The Guilford Foundation’s support and involvement in the New England Trail (NET) gateway project in Chittenden Park is like a local seal of approval.”

– Eric Hammerling, Executive Director, Connecticut Forest & Park Association (CFPA)
A Legacy for Guilford

Two different women chose a similar path to honoring the lives and passions of their husbands. Anita Catardi and Norma Ginz each recently lost their husbands, and each widow turned to the Guilford Foundation to create a permanent legacy to memorialize their husbands’ and their families’ love for Guilford and its citizens.

The Catardi Family Loaves & Fishes Fund

On National Hunger Awareness Day (September 4, 2014), Anita Catardi formally established the Catardi Family Loaves & Fishes Fund in memory of her husband, Salvatore Catardi. This fund provides permanent source of funding for the two Guilford organizations that provide food for those in need: the Guilford Food Bank and the Saint George Food Pantry.

Anita set this fund up in memory of her late husband, Sal, to honor his dedication to the Guilford Community and his concern for those in need. Anita tells a wonderful story of Sal’s mother (her mother-in-law), who raised six children and didn’t have very much but always enough to feed the extra neighborhood kid who inevitably came to the table. Her door was always open, and she never turned anyone away. Anita says, “She’d turn what little they had into a feast.”

The Guilford Food Bank and the St. George Food Pantry will receive an annual contribution from this fund each year, forever, thanks to Anita’s generosity and kind remembrance of Sal.

The Thomas M. Ginz Fund for Children

Thomas M. Ginz loved his family life. He cherished his boys, Tommy and Peter, and his four grandchildren. Tom’s love for kids went beyond his own household, however. As his wife Norma explains it, “Tom was always on the lookout for the underdog, the kid who was in a tough spot and could use a hug, a laugh, or a caring shoulder to lean on. He wished for all children to be nurtured and have joy in their lives, regardless of their personal circumstances.”

Norma Ginz established The Thomas M. Ginz Fund for Children to create a permanent source of funding for Guilford’s children who need some happiness, encouragement, or room to flourish in their lives. This field of interest fund looks to support endeavors that match Tom’s devotion and inspiration for the children of Guilford. Tom was a decorated Vietnam Veteran, and Norma and her children instructed that priority might be given to children of military families.

Through this fund, Tom’s care and concern for children will live on in perpetuity.
Grant Awards by Fund

The Guilford Foundation’s current assets enable the Board to fund less than half of what our grant applicants request. Regardless, the Board strives to support a wide range of organizations serving Guilford residents through our grant making.
